9. King Of Treasure Fishing Game Machine

King Of Treasure Fishing Game

Machine /upgarde version level 10 /

6,8 players

King of Treasures is a 6-8 player arcade game from the Ocean King series. It is a video redemption arcade game that continues on the ocean theme, where the players get points for catching fish, and is the second English version game to be released in the series. In this game, up to 8 players (depending on the machine) can compete to catch the most valuable fish for the biggest payout!

To start the game, players simply insert credits. Once the game start, players aim their net gun using the joystick and then press the ‘SHOOT’ button when they have lined up a target. There are three guns, including the Cumulative Super Gun, which all have different net sizes and power levels, and they can switch between them at any stage of the game by pushing the ‘WEAPON’ change button.

The game also features a new gun for players to enjoy. Players simply click the joystick upwards twice to switch to their massive Machine Gun weapon! This is a fun weapon unique to the player’s arsenal.

The gameplay is quite simple making it fun and easy to play for all ages, however, the addition of multiple characters and featured mini games layers the game, making it challenging for older more experienced players.
